**No. 5**

TO THE WORSHIP<sup>LL</sup>. FRAN. EVEREST ESQ<sup>R</sup>.  
DEPUTY GOVERN<sup>R</sup>. OF FORT MARLBROUGH &C<sup>A</sup>. COUNCILL

WORSHIPFULL SIR & SIRS

The 2<sup>d</sup>. October we dispatch'd the Madrass Galley to your Portw<sup>th</sup>. what Wares & Stores we judged you might be most in want of and promised to give full answers by the George to your several Letters which we now come to do under the usual Heads.

**FIRST CONCERNING SHIPPING**

The George arrived here the 27<sup>th</sup>. of August the Madrass Galley the 22<sup>d</sup>. February and the Nassau 9<sup>th</sup>. of December by which conveyances we have received your Letters of the 6<sup>th</sup>. July & 30<sup>th</sup>. Dec<sup>r</sup>. 1734 & 25<sup>th</sup>. August 1735.

Since you represent the Galley to have been Particularly serviceable in bringing Pepper from Laye & Manna we approve of your keeping her on the Coast but it must be a Stand<sup>g</sup>. Rule with you not to detain them any further than they are absolutely necessary because the worm is very prejudicial to their Bottoms & the weather on your coast damages their Sails & Rigging very much besides the expence of wages, our ho<sup>bl</sup>e Masters have often complained of the Charge their Vessells put them to & we can find out no better expedient to give them satisfaction than to keep them constantly employ'd in their service by which means they will be earning & occasion the acco<sup>ts</sup>. of them to be more pleasing.

If therefore the George whom we now send to you should be wanted for Manna we give you leave to keep her but you must not fail to return her to us in June or July next.

But with respect to Laye you may employ your [Sloop in] the early season to bring the Pepper from thence and [ . . . ] rains in that Country after the arrival the ship from [ . . . ] would [ . . . ] call for and take in when she returns [ . . . ].

We should have been glad to have found the other Sloop compleated which you say remains unfinish'd for want of Plank, we gave you our reasons why it was impracticable to send you any more on the Galley but by this ship you will have sufficient for the Purpose and we recommend to you to set her afloat as soon as possible that the hiring of Vessels may be laid aside.

Our Hon<sup>ble</sup> Masters we are perswaded will be satisfied with your reasons for assisting the People belonging to the Dutch ship *Wendela* & supplying them with what was necessary for their subsistence the several steps taken in this affair we think have been done with Prudence especially the ascertaining the allowance to every Person monthly & the sending speedy advices to Batavia & the Dutch Settlements.

The late arrival of the *Nassau* with you prevented your dispatching her in time to save her Monsoon on this Coast & it is probable the Company may this year order another ship in the same manner we hope in such Case she will be earlier w<sup>th</sup>. you that you may be able to send her away so as to be here in good time, but as the winds are uncertain & the Passage may be tedious we would have you give directions to the Commander that in case he finds he is not likely to be here by the 1<sup>st</sup>. September at furthest which he will know by the time he has got the length of Zeloan, that in case he makes the best of his way to Bengall and there deliver the cargo Consign'd following all such orders as shall be given him by the President & Council there for his further Proceedings.

The Invoice & bill of Lading must therefore be put under a Seperate Cover directed to us but in case of his going to Bengall to be delivered there mentioning on the outside that it contains the invoice & bill of lading.

The Charges of the *George* & *Galley* being complained of we directed a Committee of our Board to examine the same who have declared in a report [that they] came to the following resolutions.

That in case the *George* or *Madraas Galley* are detained at any time on your Coast longer than while they are unlading or refitting you give the *George* credit 200 Pagodas & *Mensem* and the *Galley* 140 keeping a head of affreightment of Ship *George* or *Madraas Galley* which head you must charge for the said allowance & discharge for the service performed.

That you keep a head of ship *George* or *Madraas Galley* & debt the same as often as there are any expences on their Account & at their departure pass the same to account Current Fort St. *George* sending us the Particulars in the Packet by the ship.

That the allowance to the *Galley* be 800 P<sup>s</sup>. instead of 600 for each trip to your Place the other sum not being sufficient.

That the Freight of Private Goods be collected by the Sea Customer and Paid in with the Sea Customs.

#### SECONDLY GOODS FROM EUROPE OR FORT ST. GEORGE

Whenever any wares or stores represented to be damaged either in the Godown or on board the ships some of the Council should be appointed to inspect and report the same to the Board, this we find was omitted in relation to some Long Cloth sent & Ship *George* though we observe an order made for the sale on that account but the Particulars of the Sale are not enter'd on your Consultations which you must take Care to do in future.

We would have you always keep a Quantity of white Long Cloth at Moco Moco for the Payment of what Pepper is brought to the scale there and to send on the ship that is to take on board the pepper at the Quалlos of Bentall Triamong & Ippue some Bales extraordinary which if not made use of may be easily landed again on the Ships return to Marlborough, it is not only just but decent that the Planters should be paid according to agreement and have no Occasion to complain of the Companys failing on their part in the agreement made between them the Sultan Complains [of Mr. Gee] in this [respect] but as he is now dead and th[eir] has [been an] enquiry made into that Part of his Behaviour we cannot tell how justly the accusation may be, however we hope to hear of no such Transactions hereafter & expect you will see our orders fully put in Execution in this respect, in which we cannot admitt of any excuse nor will we pass it by in any resident of Moco Moco as such Proceedings tend to destroy all confidence in the Company & may in the End prove most fatal to their Interest since with what face of Justice can it be demand<sup>d</sup>. of the Natives to comply with their agreements if the agents of the Company are the first to violate their engagements.

We have consider'd the several Par<sup>ts</sup>. of your Letters and Consultations relating to the stores under the Charge of M<sup>r</sup>. Lennox together with the Report he made to your Board concerning them in which we find a deficiency of Sundrys amount<sup>d</sup>. to \$ 1387. 2. 98 & an over plus of \$ 1504. 3 and as we are ready to beleive the reasons he therein assigns are just & that no Embezzlement has been made we have thought fit to discharge him of the same we conceive these irregularitys and confusion in the acco<sup>t</sup>. of the Stores have happend partly from the different Persons who have acted under him in the delivery of the stores and sometimes unacquainted with the names of them and also the not writing of yearly what are decayed by rust Loss of weight delivery of Gunner & Armoury Stores for the Service of the Garrison & such like but more particularly the not comparing the account Remains with the General Books every year on the ballance which if done with care & exactness would set every article right & be a true standard to adjust all accounts by. This we expect will be a method you will put in practice in future in the several Employ's which will be a security to your selves as well as the Company.

The Stores received by the Nassau consisting of many Particulars is the reason you say they could not be thoroughly examin'd, and therefore you Could not advice the outturn this may be attended sometimes with ill consequences & therefore must not be done in future since the Company expect & require every Commander to be answerable for his Bill of Lading & if he is not Present at the examination he may with reason object to the complying with it but that is not all he is obliged to pay the difference at his consigned Port before he leaves it.

We have received the Silver & Pepper by the Nassau which came out right and we now send you by this Ship George twenty bales of Long Cloth & the Stores which the Galley Cou'd not take in to Compleat your Indent.

There was put ashore out of the Nassau at your Place by mistake a cask of hand saws which must be sent hither by the first opportunity.

### THIRDLY INVESTMENT.

#### FOURTHLY COUNTRY GOVERNMENT.

We read with great Pleasure that the Produce of the Country was so considerable as to enable you to send home so large a Quantity on the Lyell & that the Cumberland will have a full Lading besides the 120 Tons sent us by the Nassau we observe the increase is from a rack Soongey Munko Raja & Manna but that Soongey Etams Country Produces little or none occasion'd as we judge by the badness of the soil we therefore recommend to you to perswade as many of that country as possible to go into those Parts where they may be serviceable and the soil likely to favour their industry otherwise disappointment Poverty & Idleness with that Temper which is natural to Mallay Men will lead them to wickedness and very probably to give disturbance to some Parts under your Government and as we are of opinion it will contribute very much to the Increase of the Investment that you should be well acquainted with the Number of Plantations & their Condition we direct that the Survey's of each District be laid before the Board on the return of the Persons sent on that service & that a Committee be appointed to examine the same comparing it with the former one and reporting the state of it what improvements have been made where & who the planters are that have failed in their agreements, that such Persons be thereupon summon'd and examined & if judged necessary fined for their neglect & that proper Orders & Regulations be made thereon as may be required for the improvem<sup>t</sup>. of the Growth of Pepper & the Wellfare of the Country.

M<sup>r</sup>. Greenslate our Pepper Godownkeeper has charged some white Pepper @ \$ 20  $\frac{p}{q}$  Bahar which is the Price the Company have never before Paid therefore We cannot allow it the difference of that & the Companys stated Price must be demanded of him & we would have you discourage the making of white Pepper of the Malays think of selling it at a higher rate than the other.

We would have no advances of money made to the Pangarans or head men or any others to purchase Pepper in the Country since the Planters will thereby le

sufferers in not receiving the full produce of their pepper at the Company's Price we are glad to find only one instance as in Consultation of the 8<sup>th</sup>. Oct<sup>r</sup>. & that you were sensible of the ill consequences of such advances in another of the [*lacunae*]

As to the 13½ Bahar of Pepper deficient at Moco Moco under M<sup>r</sup>. Gee we can see no reason to allow the whole to be wrote off from any matter he has offer'd in y<sup>t</sup>. behalf we have therefore agreed to allow the the 300 lost in regarbling after it was wet and such an allowance for waste & dust as has been customary in your Pepper Godowns & that the difference be paid the Company, do you therefore advise us by the first opportunity what you judge to be an equitable allowance that we may account with his trustees having kept part of the money sent them by Certificate to make good such deficiency.

In your next advise us of the Condition of the Coffee Plantation and what success is likely to be expected in that affair.

We are sorry to observe from Y<sup>r</sup>. Acco<sup>ts</sup>. that the Sugar & Arrack Plantation continues so great a Leak to our hoñble Masters Estate & that the numbers of Slaves sent thither has no way's answerd the expectation you gave us of its being Carried on to a better advantage to them in your General Books ending April 1735 we find for one year no more than 30 Leagers of Arrack & no Sugar & Dollars 1811. 3. 82 the Neat [*sic*] Loss that Year but you have omitted to give us any reasons for this great Loss which we expect from you we are fully convinced it must be for their Interest to drop this design after all the expence they have been at but as we now give our opinion to them in our General Letter to Nassau we have determind to wait their answer in the mean time we direct that you put them to as little charge as possible either in the advances of money or in the maintaining any extraordinary Number of Slaves who can be employed elsewhere in their service and their Labour turn to better account.

You did well to send a Person to the 8 Dusans to enquire into the reasons of ye: Mallay's purchas<sup>s</sup>. of Arms at Bencoolen a timely look out is necessary at all times amongst a People remarkable for treachery & whose submission & obedience are not to be depended on we would have you discourage the selling any arms to them & Caution all Command<sup>rs</sup>. of ships to do the same in regard to the ill Consequence it may be to the settlement.

We are very much surprized at the behaviour of M<sup>r</sup>. Gee resident of Moco Moco in banishing the Sultan of Anack Soongey's Brother without so much as acquainting you with the Crime he Stood accused of we suppose this was an act immediately preceeding his death but we don't observe any notice taken of it by you though it is a Part of a Letter of Complaint from the Sultan & therefore ought to have been taken into Consideration which we should have been pleased with because we beleive the Sultan would have been satisfied with your determination relating to his brother however ill he might take the treatment from M<sup>r</sup>. Gee your being silent in this affair leave us in the Dark & we must suppose you approved of what had been done or else surely you had interposed your Authority and recalled him however as we esteem it of the Greatest Consequence to the Wellfare of that Part of the Country that you should be on the best terms with the Sultan and that he be easy in all respects we direct that you make a Particular examination into this affair and give the Sultan full satisfaction herein since he says it was done Contrary to his inclination and advice to M<sup>r</sup>. Gee and we are apt to think more by Arbitrary Power than any real Justice we Cannot leave this subject without observing to you how necessary it is to keep a Constant vigilant eye over the Behaviour of your Resid<sup>ts</sup>. of Moco Moco least by their ill Conduct such Acts of Violence that Part of the Country which is now so flourishing should be brought into Trouble and Confusion we hope to here of no such instances in future or that you have failed to shew a Proper resentment on such occasions.

As the Correspondence with the Sultan is generally carried on by the Dep<sup>y</sup>. Gov<sup>r</sup>. we recommend to him that in his Letters to him he assure him of his readiness to do him justice in any point in which he may think himself aggrieved & that he will be supported in his rights & Priviledges we would have the Dep<sup>y</sup>. Gov<sup>r</sup>. also

frequently put him in mind of encouraging the Pepper Plantations & learn from him what Progresses are made in them & of every thing that regards the welfare of the Country.

#### FIFTHLY FORTIFICATIONS BUILDINGS REPAIRS AND REVENUES.

You omitted to send us a Calculate of the Cost of the Godown built for Rice nor is there any one entered upon your Consultations so that we can make no Computation of what the Charge is to be, which should always be done before you begin any work of that Nature; this appears to us necessary but we Can see no reason for Building a new arrack Godown as there was one made on purpose on the N. E. Curtain and therefore that Expence we hope may be saved.

We find the expences at Laye for Build<sup>g</sup>. increases that there is now almost the whole year some Person kept there, if you esteem it necessary for the Company's Interest and that the Charge is defrayed by a Greater increase of Pepper we can have no objection but if this Point is not gained and the sending for the Pepper three or four times a year will answer the Purpose this expence might in some measure be lessen'd which you will consider of and advise us.

By the several Reports on the Surveys of the Buildings at Moco Moco we find they are almost wholly decayed (the house especially) our hoñble Masters have this year given leave to Build a Convenient Brick house for the Resident and to ascertain a sum for that expence, but as there has been any trial as yet of making bricks & Chinam at Moco Moco we Cannot make any Computation of the Cost of Such a Building, however as the house is absolutely necessary to be immediately set about we would have you employ such of your People and slaves who are used to that work in Preparing both Bricks and Chinam for the Purpose and lay the foundation according to a Plan inclosed & by the next Conveyance we shall send you over Doors & Window Frames Beams & Joices all of Teak ready squar'd & fitted this we have resolved on in order to hasten the building as it Can be done much quicker & Cheaper here & also to make it more lasting since all other Wood decays so fast as it would be a constant expence to keep in repair any building where the Country wood is made use of, we intend the walls to be all of brick & tyled on the top a Verando all round to keep out the sun & weather you will observe the house is to Consist of a hall & three rooms for the resident one room and Closet for the factor and the same for the Surgeon & two Warehouses for the Companys Peice Goods the finishing of which will we believe take up your time till there are further orders relating to the rest the Plan takes in the whole of the design except a Pepper Godown & Garbling shed which must be built without the Compound it not being proper to do that business within because of the number of People that attend it & who might take an opportunity to surprise the Gard which at best is but weak at that Place.

#### SIXTHLY COMPANYS SERVANTS AND MILITARY.

The Cloathing for the Soldiers shou'd always be deliverd the Paymaster by an order of Councill to the Warehousekeeper who is to Pay the amount into Cash & not to enter the names of the Centinels in the General Books, the Resident of Moco Moco must likewise account with the Comp<sup>y</sup>. for what made use of there.

Your Charges of Garrison are encreasd last year \$ 791. 19 the number of bugguesses particularly are larger than usual which we observe were taken in on the apprehension of some troubles but have not been discharged ever since as the Country is now represented to be in Peace we think a much lesser Number would be sufficient and therefore we would have them reduced to 40 Centinels and the Arrabs to 12 Centinels except you can employ some of them in the Sloops.

Lieutenant Amyand is arrived here & appointed to the Post the Company have directed.

Mr. Robert Lennox being now recovered takes his Passage on the George & having by private Letters been acquainted with Mr. Everests indisposition which may have obliged him to have left the Coast either for England or this Place, if he should be absent when this reaches you or be obliged on account of his illness to Come away we appoint Mr. Robert Lennox Deputy Gov<sup>r</sup>. requiring all Persons to Obeey him as such.

M<sup>r</sup>. Lennox return<sup>s</sup>. and M<sup>r</sup>. Savage being come out of England again We have thought fit to station the Council in the following manner—

M <sup>r</sup> . Lennox	Paymaster.
M <sup>r</sup> . Savage	Resident of M Moco.
M <sup>r</sup> . Greenslate	Account <sup>t</sup> . & Storekeeper.
M. Rigg	Pepper Godownkeep <sup>r</sup> . & Sea Customer.
M <sup>r</sup> . Steward	Warehousekeeper.
M <sup>r</sup> . Hawke's	Resid <sup>t</sup> . of Sillebar.

and to continue M<sup>r</sup>. Barbut Secretary whose behaviour is very Satisfactory to us.

We send on this ship three Europeans & seven Topasses as a recruit the supply designed you by the Nassau having ran away as we are inform'd when the ship was refitting after the accident she met with in the Downes the Topasses we would have sent to Moco Moco at which Place we would have always kept—

One Ensign  
Two Serjeants  
Two Corporals  
Eight Europeans  
Fourteen Topasses

and no more without an extraordinary occasion these Men have been advanced two months Pay Commencing 1<sup>st</sup>. Instant and a list of their names is enclos'd in the Packet.

We return you three of the Slaves who have been employed under our armourer carpenter & bricklayer we also send you eighteen slaves as a List inclosed in the Packet the sums you are to credit it for them is set against their Names.

#### SEVENTHLY ACCOUNTS.

We observe you have at length adjusted the advanture to laye & reduced the ballance to D<sup>s</sup>. 109. 1. 18 which must be explained also.

In your books Letter M you debt Charges General to Sillebar Paggar \$ 461. 1 for Garbling Pepper which swells that head whereas Pepper should be debted for all the Charge on it.

In the same Journal you Credit the Presidency D<sup>ts</sup>. 116. 2. 92 for old armory Stores Short deliver'd here p<sup>r</sup>. George by profit & loss the arms should have been enquired for if not sent & must remain to be accounted for, Profit & loss being no proper head on this occasion.

The Expences on your Coast now amount to a large sum and well deserve your Particular care & inspection, to save what possibly can be done, This we recommend to you in a very earnest manner and hope you will take all opportunitys to convince our honble Masters herein that you have their interest at heart.

You must write of the Ballance of M<sup>r</sup>. W<sup>m</sup>. Oakers Estate to account Current Fort S<sup>t</sup>. George.

Our accountant will send you an acco<sup>t</sup>. of what Payments we have made here for your Settlement w<sup>ch</sup>. you will take care to give us Credit for.

#### SUPPLEMENT.

The uncertain situation of affairs in Europe has determind us to direct that when you dispatch this Vessell or any other to us you give the master Orders to avoid speaking with any ship at sea particularly near Zelone and that he passes Pondicherry in the night.

The same cause has induced us to give you liberty to draw bills on us for such sums as upon Good Reason you may judge necessary to carry on your business we mean in case by any accident you should be disappointed of the supply from England which considering the Present state of the Companys affairs upon the West Coast may be attended with very ill Consequences before we can have an opportunity to supply you from hence.

In the Packet comes Invoice and bill of lading for what Goods we now send you on the George on the Honble Companys account amounting to Pagodas 1432. 8. 15 and manifest of Goods licensed amounting to Pagodas 6581. 5. —,

We wish this ship safe to you and are

With regard to what you wrote about the Nabob of Arcott we shall endeavour to inform ourselves of the Influence he has over the King of Bednore or Canara & shall not fail to use our utmost endeavours to keep matters quiet if it be practicable but as in Case our Nabob has any influence over that Prince & should order him to let you alone, it is not to be doubted but the King will in order to justifie his Proceed<sup>s</sup>. load you w<sup>th</sup>. every Article he possibly Can, we should be glad you would

inform us at Large of the reasons of your disputes with him & in particular of your right to the Island of Durmapatam w<sup>ch</sup>. to us seems to be the Principal if not the sole cause of your differences.

We have sent you all the Powder we Can spare & some of our best arms one of the Ensigns we send is our Master of arms & therefore we believe you may depend upon their being Good, we have streighten'd ourselves to send you this Quantity of Powder which we Could not have done but that the season of y<sup>e</sup>. HON.<sup>r</sup> SIR & SIRS

The foregoing is duplicate of what we wrote your hon<sup>r</sup>. &c. by the Mary Bouyer we have since received your favour of 21<sup>st</sup>. January by the William Sloop that arrived the 20<sup>th</sup>. of last month the Salt Petre & Stores sent us on her turned out agreeable to Invoice.

We now return her to your hon<sup>r</sup>. &c. but have orderd the Master in his way to set our Resident ashore at Ingram Inclod is an account of Stores supplied her here.

The Nassau sailed from Fort St. David the 5<sup>th</sup>. Ultimo.

We are sorry to acquaint your hon<sup>r</sup>. &c. that a few days since we received a letter from the President & Councill of Bombay bearing date 15<sup>th</sup>. January wherein they advice us that our Honible Masters ship Darby bound thither from England was taken about the 2<sup>nd</sup>. or 27<sup>th</sup>. of Dec<sup>r</sup>. last by five of Sambajee Angria's Grabs & Carried into his Port of Southerndrook that her Masts were very soon shot away after which the Ship was given up without any resistance for further Particulars we referr your honour &c. to the enclosed Par<sup>th</sup>. from them.

With this we send your hon<sup>r</sup>. &c. a Packet for your Presidency from St. Helena that was brought to the West Coast by the Duke of Cumberland when that ship left the Island the Hertford & Princess Royall were not arrived there from the Bay nor the Middlesex from Bombay.

We have heard by advices from Bengall which we beleive may be depended on that one Mr. Duggood who went from Manilha to Suratt last year, & from thence to Bengall is Coming to Porto Novo to take in Goods for Manilha & has obtained a Pass from the President & Councill of Bengall permitting him so to do as such Proceeding is directly Contrary to the orders we have this Year rec<sup>d</sup>. from the Honble Court of Directors whereby our ships are expressly prohibited importing at any Moors Port in this coast we think it incumbent on us to send Mr. Duggood orders to repair to some English Port as soon therefore as he arrives at Porto Novo Send one of your Councill & another Companys Serv<sup>t</sup>. to him to deliver him in writing orders to that effect. if he regards y<sup>m</sup>: 'tis well but if not you are to give him a second order forbid<sup>d</sup>. him to take in any Piece Goods of the sorts which the Company usually trade in, if he disregards both or either of these orders you must protest against him in form & deliver the Protest to him before witnesses. Contract pretty high Completed we were desirous of hearing from you on his return what Proposals your Merch<sup>ts</sup>. make towards a new one w<sup>ch</sup>: we hope as we have not yet rec<sup>d</sup>: them you will send us very speedily on this occasion we Cannot but remark that under letter to the Company you tell them that you have hopes of succeeding in your endeavours to Engage some Persons of substance to be security for such sums as may be advanced the Weavers if you do succeed we shall expect that the 2000 pagodas subscribed by your inhabitants be made good agreeable to their subscriptions but if you Cannot we are not at all inclin<sup>d</sup> to oblige them to pay the money where there is reason to believe it will be Lost.

We observe in your Accot. remains a Parcell of Soldiers Coats & Caps which have Lain in your Godowns some years & we are apt to believe they are not in being or else they would we suppose e'er (*sic*) now have been deliverd the Military at the usual time of Cloathing them advise us whether you have them & what Condition they are in.

We have two from you unanswer'd dated 2<sup>d</sup>. & 3<sup>d</sup>. Ins<sup>t</sup>. with a Postscript to the duplicate of the latter the bales by the Ramah are arrived for the stores indented for we have neither wood oyl or linseed oyl on hand as for Salt Petre we have so little by us that we Cant think of sending any down till you Lett us know what necessity there is first as for nails we will send y<sup>m</sup>: when you tell us what Quantity of each sort you want.

On Looking over your Last Cash account we Cannot find your Merch<sup>ts</sup>: have Paid in any Part of their Ballances & by your List of Cloth on hand we observe they bring in none w<sup>ch</sup>. Conduct we can by no means allow. We had rather they should bring Cloth than Pay in the money but we expect they do the one or the other we are very wills. to Leave the money with y<sup>m</sup>. if they will engage in a new Contract but they must not expect to keep it any Longer if they dont.

This Leads us to another remark relating to your Washers well may you Complain they leave you since it is Plain they are not supplied with Cloth to keep them employed and they must Consequently go away to seek a livelyhood elsewhere or starve. Your Merch<sup>ts</sup>. Complaints of their taring the Cloth & stealing the Conjee for not giving them full employm<sup>t</sup>. this is another very strong reason why we Insist on their bringing in Cloth or Clearing their acco<sup>ts</sup>. w<sup>th</sup>. you.

As to the affair of the Soldiers Coats and Caps you must keep them on the books till we have orders from our Hon<sup>ble</sup> Masters about them, In the interim let us know whether they are not upon some Body's accounts remains as well as in the general Books & Let every article of the Ballance of your Books ending this month except the Buildings be deliver'd into the Charge of some one or other of your Council & Let him Sign an acknowledgement that they are under his Charge to be kept in a book for that Purpose & let an account remains thereof be annually sign'd at the Closing of your books by the Persons under whose Care they are put & regulate the ballance of your books thereby.

Since our last we have recived the Cloth sent us by the Rammah & are sorry to observe that almost the whole Quantity is sorted to No. 3 and 4 from which we Conclude it is a Resortment of what was turned out before the Nassau was dispatch'd. If this Quantity was kept back to give a better lustre to the Cargo of that ship it

may for so far answer, but sure we are it will be no Credit to the Investment of this Year. Upon making your last Contract only the N<sup>o</sup>. 1 & 2 Salem was agreed for, & great Care was promis'd that the whole should prove a little inferior your Merchants were promised it should be taken into N<sup>o</sup>. 3 doubtless it was the intent & meaning of that Contract that the Major part should be of the two first Numbers, but how much they have fail'd in that Particular does evidently appear by the great Quantity brought in to N<sup>o</sup>. 3 the receiving of which was soon followed by another request that we would permitt the turned out Cloth to be resorted & such of it as should prove good enough might be taken into a N<sup>o</sup>. 4 You told us at that time the whole Quantity turn'd out was not more then about fifty five Bales, and as it was some time before we consented to it, & then only at their repeated desire telling you at the same time we had so long defer'd it in hopes we should have heard no more of it. It might have been sufficient to have Convinced you w<sup>th</sup>. what reluctance we Came unto it and how averse we were to any of that N<sup>o</sup>. and tho we were told at first the Quantity was but 45 Bales or thereabouts we find it so much encreased since that 115 Bales were sent on the Nassau 29 up hither on the Mary [& 13] more on the Ramah how much besides you have taken in scince we are yet to know, but as it seems to us your Merch<sup>ts</sup>. are in no disposition to give us good Cloth when we pay them so much for bad, and since so ill an use has been made of our indulgence we tell you once for all that we will not for the future admitt of a N<sup>o</sup>. 4 in any of your Contracts or receive any more on the Last than w<sup>t</sup>. is already Embaled being under no obligation so to do our former promise being only upon your representation that the whole Quantity would not exceed forty five Bales.

We come next to speak of Andiapas Cloth of the [167] Bales w<sup>th</sup>. we rec<sup>d</sup>. by the Mary & Ramma that were measured & we suppose sorted with you we have turn'd out 40 Bales here & should have rejected a great deal more that will barely Come up to the lower Numbers, but his Agents here scrupled to take any back alledging it to have been sorted & excepted before by the Companys Servants it is true you may urge that our order of the 10<sup>th</sup>. Nov<sup>r</sup>. last night admitt of a doubt whether it was to Extend further than such Part of it as was to be Cured with you but even So far as that no proper Care was taken since the Last parcell sent us that was wash'd by you

sorted only one bale to N<sup>o</sup>. 1 Eight N<sup>o</sup>. 2 twenty eight N<sup>o</sup>. 3 and 25<sup>Bles</sup> N<sup>o</sup>. 4 besides which we have an acco<sup>t</sup>. from Andiapas Gomastas that you have 48 13 of his Cloth that you have turn'd out after it was wash'd & being so falls upon y<sup>e</sup>. comp<sup>r</sup>: so that by this sort of Management the Porto Novo Investm<sup>t</sup>. that used to be the best & most Valuable is now become the worst & most heavy upon us you were told in our said Letter of 10<sup>th</sup>. Nov<sup>r</sup>. that when his Cloth is wash'd it is by agreement with him to be the Companys & therefore when you observ'd it turn so very bad upon sorting it brown if it was sorted at all Certainly you ought to have represented it to us & this might have ooccurr'd to you upon the bare Consideration of the price you knew we were to give for it & that we were not to pay him for it by numbers but one with another all at the same Price and this also tho you had no musters to guide you w<sup>th</sup>. you might soon have had upon sending for from hence however that you may not Complain of that want hereafter we send you by the Tappys Two Musters part of those he sent us & what he gave us his Promise then all or most of his Cloth should Come up to.

We wrote you in our last that we rather Choose your Merchants shou'd make good their ballances in Cloth than Money which we again Confirm & if they give you any good assurances of that they will have a reasonable time allowed them but when you are discourseing them upon a new Contract you will be in the Wrong if you give them any hopes of a higher Price for the Salem Cloth because we cannot consent to it without some better Reason than any we have heard yet our Merchants provide that Cloth at the same Places Yours do, & must Consequently Cost them more by the greater distance and an additional Charge of Juncan yet we allow our Merchants no higher Prices than we do Yours nor have they once desird any of it to be sorted to a N<sup>o</sup>. 4.

We shall supply you with what Quantity of Salt Petre you want by the next Sea Conveyance.

DEPUTY GOV<sup>R</sup>: & C<sup>A</sup>. COUNCIL OF FORT ST. DAVID

WORSH<sup>LL</sup>. S<sup>R</sup>. & SIRs

Yours of the 27<sup>th</sup>. Ult<sup>o</sup>. Came duely to hand Containing excuses in answer to our Complaints of the badness of the Cloth lately rec<sup>d</sup>. from you & your Merchants proposals for a new Contract as to the first it will be needless to enter into a further discussion of that affair since what is passed Cannot be recalled what we said on that subject in our Last Letter was principally with intention to engage your Merch<sup>ts</sup>. to an amendment for we have too great a Confidence in you all and particularly your Deputy Governour to beleave you were led to give them greater Indulgence than were Consistent with the Company's Interest by any other motive than a too ready beleife of what they were not ashamed to assert together with Confidence of the hardships they met with thô in reality they had no foundation for their Complaints.

As to Andiapas Cloth we desire that when any of it in future is to be examin'd you will think it incumbent on you to be all present at the doing it & not Leave it to M<sup>r</sup>. Harris of whose judgement we have so just reason to Complain.

In answer to your Merch<sup>ts</sup>. proposals for a new Contract we are to say y<sup>t</sup>. we have made our Contract here on the same terms as last year & as it is beyond Contradiction plain that our Merch<sup>ts</sup>: are at greater Charge in bringing Cloth to us than yours are to get it to you we Can by no means Consent to any advance of the prices of the Last Year and when you Come to make a Contract we think it necessary to give you this Caution that the proportion in y<sup>e</sup>. prices between the different Numbers of the Sallem Cloth is not three ③ Cent whereas any indifferent person on first view will see that the inferior Numbers are vastly worse y<sup>n</sup>. that proportion & we take the indulgence of a N<sup>o</sup>. 3 & 4 the last Year to be the reason why Your Merch<sup>ts</sup>. do not offer to provide any ordinary Cloth now because they have a better price for the N<sup>o</sup>: 3 & 4 Sallem than for N<sup>o</sup>. 1 Ord<sup>r</sup>. thô: the latter if agreeable to Muster is apparently a better Cloth it may not perhaps be so weighty but that is not the only thing required to make a good Cloth were we not Convinced you have too much regard for us to allow yourselves to banter with us we should take as such your repeating those Idle and Trifleing arguments your Merchants make use of and which we find at the end of your Letter in order to obtain an advance on the Prices of Last Year [but] as we beleive you are far from that way of think<sup>g</sup>. We only remark that it Confirms w<sup>t</sup>. we say in the beginning of this letter of your being to apt to believe whatever they do not want assurance to tell you.

Upon the whole our Merchants here can afford to Contract at the prices of last Year & we are therefore assured yours may & hope to hear by your answer to y<sup>e</sup> that they have you must provide only sixty six bales of blue Cloth & we Expect some Ord<sup>r</sup>. as well as Sallem.

We have not yet determin'd whether we shall make any or what allowance to your Washers but we believe our next will Carry you directions relat<sup>s</sup>. to y<sup>t</sup>. Article.

The Gunpowder the Galley had on board was put on shore at Anjengo.

SIRS

The 5<sup>th</sup>. of June we rec<sup>d</sup>. yours of the 22<sup>d</sup>. May inclosing your Cash & Paymasters account with your Diarys for Aprill Last.

Yesterday the Hallifax arrived here from England by her we have received our Honble Masters Commands for the Investment of this Year, & their Remarks on that made in the Year 1734. They are pleased to direct that greater Care be taken of the Lengths & Breadths of y<sup>e</sup>. Long Cloths & Sallampores those from Vizagapatam did not hold out the Invoice Lengths, & the Byers expect them to hold out full sixteen Yards & the Duty's are always paid for sixteen Yards.

We would have you write to Ingeram That the finer sorts of Cloth from thence are also Complain'd of they are of two bad Colour and soft a thread for the use the fine Cloth is now generally applied to, & if they Cannot be made of a harder Twisted thread we must have no more from thence it is also Very ill Cured & therefore should be sent up to be Witened here.

For the Rest the Company are pleasd to say their Servants at the Northern Settlements should convince them they have their Interest at heart by securing a Larger Number of Calicoes.

We expect an unusual Quantity of Tonnage &c. to be provided for at the Coast and Bay this Year & the Company will Expect, that we all do our utmost towards it You must therefore Lett us know with all speed what Number of Bales we are to hope for from Your settlement this Year & in what time that we may advise the Gentlemen in Bengall accordingly.

This waits on you by the Defence Cap<sup>n</sup>. Ja<sup>s</sup>. Montgomery that arrived here from England the 26<sup>th</sup>. past, The Hallifax arrived the 1<sup>st</sup>. Upon this Occasion we think proper to acquaint you that by our Last advices from the West Coast the Quantity of Pepper they will in all probability be able to procure this Year will not be sufficient to give both ships their full Tonnage & without your Hon<sup>r</sup>. & C<sup>a</sup>. shall please to Load One hundred Tons of bale Goods on board the Compton to help out we are very apprehensive one of the ships will by so much be sent home dead freighted we take this opportunity to intimate this to you but as we Expect the George in dayly from the West Coast we shall very likely be able to write you with more Certainty what Quantity of Pepper we may depend upon that Coast for, & at the same time let you know if any & what Quantities & Sorts of Low prized Chints and strong Calicoes are proper for the West Coast which the Company write us they have directed you to send on the Compton.

Trognal leaves us still in doubt if We shall see the Britannia here for whether they are able to purchase a full Lading of Pepper or not she will proceed to Bombay & we know not yet what will be the Resolutions of the Governour & Council there.

We cannot therefore say what Tonnage we shall want from you in Dec<sup>r</sup>. however it may be some guide to tell you that if the Britannia does not Come hither we hope to give the Prince William her Tonnage from hence by the Latter end of Sep<sup>r</sup>. & to

be able to furnish eighteen hundred or two thousand Bales more for the ships you may send us in Dec<sup>r</sup>. this is all we Can tell you as yet but hope by the middle of next Month to write you with more Certainty.

Since we wrote you by the defence we have received a Copy of our hoñble Masters Letter to the Dep<sup>y</sup>. Gov<sup>r</sup>. & Council of the West Coast by which we observe you are directed to send thither on the Compton three hundred tons of Salt Petre if you are able to Comply there with we hope there will be no occasion for you to send any bale Goods as part of her Europe Cargo as we think they will hardly fall short in their quantity of Pepper but that the Salt Petre will be fully sufficient to prevent her going home dead Freightred.

Inclos'd we send you our Warehousekeepers Indent which we desire may be exactly Complied with by the ships you send us in December. We shall in a subsequent Letter advise why we have demanded so Large a quantity of Salt Petre.

Inclos'd you have Invoice & bill of Lading for Redwood Laden on this ship.

TO M<sup>r</sup>. DUMAS GOVERNOUR

COUNCIL AT PONDICHERRY

GENTLEMEN

We receiv'd yours of the 2<sup>nd</sup>. June N. S. in due time which we did not reply to sooner because we had some Points to settle with M<sup>r</sup>. Lowther before we Complied with his request but those being now adjusted we have given him leave to Come hither and have promised him a Passage on the first ship we dispatch to England agreeable to his request signified to us by you.

Thus Gentlemen we have Complied with your desire with regard to this Gentleman but think it necess<sup>y</sup>. to represent to you, that your granting the protection of your Flag to those who have been in the service of our Company have made use of the Trust reposed in them to wrong those by whom they have been employ'd will oblige us to do the like whenever application shall be made to us. The ill Consequences of this are too apparent to need our enlarging on them and we therefore propose to you to enter into an agreement with us whereby the protection of y<sup>o</sup>. English and french Flags (now granted to all indifferently) shall be limited; & allowed to those only who have unfortunately broken the Penal Laws of their Country & who Claim such Protection only to avoid Capital or Corporal Punishment not to those who would make use of it to screen themselves from the Obligation of Paying their just debts. The great Equity of this proposal and the advantages which would arise from it to each Company and to the settlements in general make us hope you will agree thereto.

We have the honour to be with great Respect

TO M<sup>r</sup>. JOHN GRAHAM  
RESID<sup>t</sup>. AT INGERAM

SIR

Our Accomptant has deliver'd us two Copy's of your General Book's Ending in April which he acquaints us you had sent up to him this is going out of the usual Practise and for the future your books Monthly Accounts & all other Books or Papers relating to the Company's affairs which are to be sent up hither must be directed to the President & Council.

Upon perusing your said book's we find the Expences at Ingeram increas'd considerably the two Last Years more than they were in 1732 and 1733 Exammineing the Particulars we find Exceedings as follows—

We observe Eight Peons Extraordinary and sometimes seven fishermen, besides a Tandall in Constant Pay upon account of the Troubles. We have not been advised that the Troubles about you have been of so Long a Continuance as the Extraordinary Charge & th<sup>o</sup> the Tandall and fishermen to attend the boat might have been proper to have transported the Companys effects to Vizagapatam upon any sudding (*sic*) occasion We see no use so many Peons Could be of and therefore we order them to be discharged and so we do some of the other thirty if your Investment does not go on a little better the last fifteen being only added as that Increased we think also fewer than ten Packers kept in Constant Pay will be sufficient whilst your Number of bales is so small.

For two Years running twenty four Pag<sup>s</sup>. is Charged for entertaining the french, this seems to us a new Charge and as we know no Reason why the Company should be at the Expence must be paid back into their Cash.

We find an increase also under the head of servants wages those to the Washer-man and Barber are introduc'd without any Warrant from hence & must therefore be discontinued.

We take no notice here of the Increase in the Wages at the Factorys Mazliapatam and Maddapollam because we have appointed Mr. Edward Fowke Resident at Maddepollam which will Occasion another Establishment at those Places.

Goods for Packing are Charged at very Extravagant Prices particularly Cotton at <sup>ps.</sup> 32. <sup>fs.</sup> 20 3/4 Candy & other things in Proportion.

We observe a small Increase in the Charge of the Annual Cust<sup>o</sup>. of Maddapollam River and this Year a new Charge of Pag<sup>s</sup>. 6. 12 to the Southern River men over & above the annuall allowance of Pag<sup>s</sup>. 10. 24 to the River men and Juncanners of Ingeram River this must be explain'd to us and you must be very Carefull not to suffer any new Impositions from the Juncanners because when once submitted to they ever after insist upon it as Sallabad.

Your Account Presents amount to a great Sum in the Year and Most of your Charges Extraordinary might more properly be put under the same head both together amount to so Large a sum that is to heavy upon the small Investm<sup>t</sup>: now made at Ingeram we know very well the Moors and Country Rajahs and their Officers are always ready to ask where they observe an ease in granting but if you are so often obliged to give them Presents and it Cannot be avoided we must Resolve to Leave off all business there till we can go on with it upon more reasonable terms.

You have brought the Maddapollam Stock into the Ingeram books in such a manner that it is impossible now to know the true Sale of it there being nothing to guide us in our Enquiry's. When those books were Closed the several Persons and accounts indebted upon ballance should have had new heads open'd upon the Ingeram Books, and as any Cloth was brought in by Your Merch<sup>ts</sup>. they should have had Credit for the same and then we should have seen Exact Ballances due and from whom upon the Close of the Last Books. We hope you have some other accounts or Memorandums by you that will enable you to explain to us in what the last ballance of Pag<sup>s</sup>. 4,490. 18. 33 Consists & that being adjusted you must debt sundry Acco<sup>ts</sup>. in that sum to Moddepollam Stock which will bring the several Ballances upon the books again as they ought to be for our notice & observation in what manner they are Cleared.

It is the Constant Practice of our Subordinates to remit their Accounts up hither Monthly this has been but ill observed lately from your Residency and for the future must not be omitted you must also write us the state of the Country about you what disputes there are between the Moors and the Country Rajahs and also acquaint us with your own transactions with the Government and your Reasons for the same.

TO THE HONBLE JOHN STACKHOUSE ESQ<sup>r</sup>.PRESID<sup>t</sup>. & GOV<sup>r</sup>. & C<sup>a</sup>. COUNCIL OF FORT WILLIAM

HONBLE SIR &amp; SIRs

The bearer of this Senhor Dominico Kiundall brought us a Letter from my Lord Kinnoul dated 20<sup>th</sup>. Oct<sup>r</sup>. Last at that time his Majesty's Ambassador at Constantinople. We do not trouble you with a Copy thereof because this Gentlemen tells us he has another Lett<sup>r</sup>. from his Lordship directed to your Hon<sup>r</sup>. & C<sup>a</sup>. the Purport whereof is doubtless the same as that to us We have heard M<sup>r</sup>. Kiundell fully for so far as he had it in commission to tell us Concerning the English Trade to the Turkish Ports in the Red Sea & the Gulf of Persia, Your Hon<sup>r</sup>. & C<sup>a</sup>. have more Reason than any of the other Presidencies in India to Consider with attention on the Expensive Method in which it is Carried on at present & the great hazard & danger the Persons & effects of the English sent annually thither are exposed to & therefore if by the Embassadors means any stipulations Can be obtain'd of the Grand Signior for the security for our Trade to the Turkish Ports we are perswaded it will be very acceptable to your Hon<sup>r</sup>. & C<sup>a</sup>. and all others Concern'd in it but when we took into Consideration what might be proper to do on our Parts we were of Opinion we had it not sufficiently in our Power to propose or Consent to any thing Certain without the Participation & previous Consent of the Comp<sup>y</sup>. We shall therefore this year write our Honble Masters upon this subject in the mean time all that we thought we might say to his Excellency the Present Emb<sup>r</sup>. at the Port you will find in our letter to him Copy of which we send you Enclos'd for the Rest as M<sup>r</sup>. Kiundell's stay here is but short you will have more time to Consider of what he has to propose and what may be proper to be Concluded on hereafter for the mutuall & Generall Benefit of the English Trade in which if any thing new shou'd occur to you, we shall be glad you will Communicate it to us and in return we shall give you our sentiments with sincerity and without Reserve being with great truth

TO JOHN SANDERSON ESQ<sup>r</sup>.CHIEF & C<sup>a</sup>. COUNCIL OF VIZAGAPATAM

GENTLEMEN

Since our last we have rec<sup>d</sup>. yours of the 3<sup>d</sup>. and 24<sup>th</sup>. of July, the 1<sup>st</sup>. accompanying your General Books & Contains Cheifly your Reasons for the Increase & decrease of the several articles of y<sup>r</sup>. Charges for the two last Years, we may hereafter give you our sentiments thereon if upon further Examination we shall think it necessary at present we shall only tell you that when any more Europeans come into your bounds we would have you secure them & take the first opportunity to send y<sup>m</sup>. up hither & this method we would have you Continue till the Europeans in your Pay are reduc'd to the Number they were fix'd at before Sabbana's Troubles excepting new Commotions in the Country should incline you to suspend for a while the Execution of these Orders (of which you must not fail to inform us) We observe the Increase of Y<sup>r</sup>. Customs & your reason why we are not to Expect such encrease another Year, but we Expect you will find some means to make Conveniencies to Haul the Country Vessells ashore as well as harbour<sup>r</sup>. them in the River if there be any Ground fit for that Purpose adjacent to the River and w<sup>ch</sup>. at present may be only Cocoa nutt Trees the present possessors must be satisfied with a reasonable Consideration for such part thereof as may be wanted for your Purpose since it is

very likely they have no right but possession & what perhaps was originally an Encroachment upon the Company's property let us know the Quantity of Ground wanting and what you think a reasonable Value for the same.

Since we wrote you the 3<sup>d</sup>. of last month we have received our Honble Masters further sentiments concerning the Investment at their Northern Settlements they are pleas'd to say that whenever their Goods are deficient in the usual Length or breadth it brings them in disreputation, that such defects very much prejudice the sale and do therefore recommend it to us to remedy the same for the time to come as much as in us lies but do also add that the Goods must not be refus'd upon acc<sup>t</sup>. of those deficiencies we suppose it is also Conditionally that a proportionable abatement be made in the Prices and since your Last tells us that the Dutch take in great Quantities of Short Cloth if it be really so & the Merchants will Consent to a proportionable abatement you have Permission to take some in too but we suppose that alone will not answer their views & that they will Expect what they have been Long aiming at namely as great a price for short Cloth as if it was full Measure by this Vessell we have Complied with Y<sup>r</sup>. Indent for Wares & Stores Excepting the Article of Stationary Ware w<sup>ch</sup>. we think much too Large for any Occasion you can have on the Comp<sup>y</sup>s. Account & Our Honble Masters told us Last year that we are to take Care their Servants do not make use of their Paper or any thing Else without paying them a Moderate profit.

The Company have been pleas'd to direct Mr. Sanderson to be taken in as Youngest of Council here but permitted to Remain at Vizagapatam if he shall desire it. They have also if Mr. Harrison should desire to be recall'd hither given us Liberty to grant his Request we hope by this time or soon after you will have taken Effectual Care that we are not disappointed of your Cloth for the dispatch of our Sep<sup>r</sup>. Ship.

We had Consign'd you the Gun Powder by this Vessell but the Tandall nor the other Freighters would not run the Risque of it having no Deck. If the Galley Comes here in time we shall send it by her designing afterwards she shall go into Ingeram River to bring up those bales in December and we shall desire the Gentlemen in Bengall to order one of the Europe Ships to Call for y<sup>rs</sup>.

## No. 77.

TO THE HONBLE JOHN STACKHOUSE ESQ<sup>R</sup>.PRESIDENT AND GOVERNOUR & C<sup>A</sup>. COUNCIL  
OF FORT WILLIAMWORSHIP<sup>L</sup>. SIR & SIRS

This Incloses you Bill of Lading & Invoice for Rupees & Copper Laden on this ship Shaftsbury, also some Large Anchors Which are too big for any Ship that we have now belonging to this Place.

We wrote you the 21<sup>st</sup>. past that we hop'd to have Eighteen hundred or two thousand Bales ready to fill up the ships you may dispatch to us on Dec<sup>r</sup>. and having taken the same into Consideration again we do not find that we have any Reason to Expect any more on the Contrary as we beleived the Quantity of Tonnage sent out this Year would be very heavy upon you we determin'd to write to you the Utmost that we Could Possibly hope for but as we are subject to so many disappointments here, we must very earnestly press you to send us up the full Quantity of Salt Petre we indented for that we may fill up the Tonnage with that in Case we fall short in our Number of Bales.

Our Orders from the Company oblige us to keep forty thousand Pounds in Bullion here in Return for the Normantons Cargo if she should Come this way from China. In that Case great part of her China Cargo will be sent to you as the more proper Markett. If she should not Come as we shall have forty thousand Pounds ready in Bullion it may be sent down to you early in the Year if from the sale of your Cash you should be in any great want of it in which Case we would straighten ourselves rather y<sup>n</sup>. subject the Company to the high Interest of Calcutta.

We Expect two or three hundred Bales of Cloth will be ready at Vizagapatam by the Middle of December at farthest, and as we are not sure of any Vessell there to bring them up we request you will order one of the Europe ships to Call in for them.

In a Postscript to the Pelhams letter we advis'd you that we had return'd you the Large looking Glass but afterwards a Person undertook to put it in good order & therefore we desir'd Cap<sup>a</sup>. Woodford to send it ashoar again so soon as it is finish'd we shall send it you.

We receiv'd Yesterday by the Hallifax y<sup>r</sup>. Letter of the 24<sup>th</sup>. July with duplicate of that of the 17<sup>th</sup>. it is a Concern to us that we must not depend upon any Salt Petre from you this Season w<sup>ch</sup>. is the more unlucky at this Juncture that the Nabob's

forces are now upon their March towards Misore which will occasion so much trouble and Confusion in the Cloth country's that we have now more reason than ever to apprehend a disappointment in our Investment & therefore since your Hon<sup>r</sup>. & c<sup>a</sup>. cannot supply us with any salt we must desire you will not depend upon us to fill up more than three hundred Tons with Bale Goods w<sup>ch</sup>. at five Bales & one third  $\frac{1}{3}$  Ton is sixteen hundred Bales but if you should be able to supply us with Petre you may leave room for four hundred Bales more or such Part thereof as shall be Equivalent to the Quantity of Petre you send us.

We shall forward y<sup>r</sup>. Packets to England in the manner you have directed.

The Master of the Narcissus who arrived Yesterday from Bombay tells us that coming out of the Harbour the 17<sup>th</sup>. Last Month he saw two Large ships standing in with Pennants which we take to be the Windham & Linn as yet we hear no news of the Harrington We are

HONBLE SIR & SIRs

We wrote you the 6<sup>th</sup>. Inst.  $\frac{1}{3}$  the London Duplicate followed few days after by the Sarah Galley the 7<sup>th</sup>. we rec<sup>d</sup>. your favour of the 15<sup>th</sup>. July. We hope the supply we have sent you of Redwood by the several Ships will be sufficient to answer all Occasions you may have for it, if after the dispatch of the Ships home you will please to advise us how much you have remaining in store we shall always be better able to regulate the Quantity to be sent from hence Except forty thousand Pounds of Bullion which we are order'd to reserve for the Normanton all the rest w<sup>ch</sup>: was consign'd us has been coin'd here & the produce sent you as it was ready.

This waits on you by the George that arrived here from the West Coast the 11<sup>th</sup>. Instant with Sixty Tons of Pepper on board w<sup>ch</sup>. we have resolv'd to continue on board her & consign it to you that it may be shot loose in the several ships you may dispatch upon the Captains agreeing to take it in at half Freight.

We cannot from the West Coast Letter form any Judgement what Quantity of Pepper the Gentlemen there will have on hand for the Loading of the Duke of Lorrain & Compton but we think if they had Expected two such Large ships they would not have sent us this Quantity by the George and therefore if y<sup>r</sup>. Honour & c<sup>a</sup>. Could Lade two or three Hundred Bales of Goods on board the Compton as part of her Europe Cargo we beleive it would facilitate her dispatch from the West Coast.

We hope this ship George will arrive with you in good time in which Case you will please to dispatch her early to Vizagapatam to take in Bales there and then the Europe ships may Come directly hither.

Invoice and Bill of Lading for this ship Come inclosd.

To JOHN SANDERSON Esq<sup>r</sup>.CHIEF & C<sup>a</sup>. COUNCIL OF VIZAGAPATAM

GENTLEMEN

By the Madrass Galley we send you the Gunpowder you indented for as  $\text{₹}$  Inv<sup>o</sup>. and Bill of Lading inclosed so soon as you have got it on shoar we would have you harbour your Vessell either in your own River or that at Ingeram as may suit best with our Intention that she should assist in bringing up the Bales, from Vizagapatam or Ingeram after the first new Moon in December. If you Can easily get her in & out of the River we shall prefer it to Ingeram because as yours is y<sup>e</sup> Windermost port she may run down to y<sup>e</sup> Bar at Ingeram and take in their Bales whereas if she goes into the River there we are told it may happen she may wait for a Southerly Wind before she Can Come out again as M<sup>r</sup>. Sanderson resided some time at Ingeram we leave it to you to direct as you think proper. If M<sup>r</sup>. Graham has as many Bales ready in Dec<sup>r</sup>. as he gives us hopes of the Galley alone will not have room for them and therefore you must Consider w<sup>ch</sup>. way to send up the rest of that Investment as well as y<sup>r</sup>. own. The George will be Order'd to Call upon you early in Dec<sup>r</sup>. but if she and the Galley Cannot bring up all the Cloth we reckon some Vessell of your own will be in the Way to help out of which do not fail to give us advice.

GENTLEMEN

We have received yours of the 6<sup>th</sup>. August 5<sup>th</sup>. & 12<sup>th</sup>. Sep<sup>r</sup>. & one of the 11<sup>th</sup>. Sep<sup>r</sup>. from M<sup>r</sup>. Sibley at Upparra. The Jenny did not arrive here till the 29<sup>th</sup>. Past & being oblig'd to send the Bales on board y<sup>e</sup>. Prince William as fast as she could take them in we had not time to make our observations on the Cloth But as there was so little of it we hope it was good. We will not doubt y<sup>r</sup>. best endeavours to supply us with a Larger Quantity in time for our January Ships. We received from M<sup>r</sup>. Sibley no more than 25 Bundles q<sup>t</sup>. 50 Corge of Sallampores. We are advis'd by a Maldiva Boat that the Vessell which Carried you the stationary Ware and other Stores was safe arriv'd with you.

M<sup>r</sup>. Graham writes us that in Conformity to a former Order he sends his monthly accounts to y<sup>r</sup>. Settlement we do not think fitt to Countermand that order, but after you have perused them send them up to us together with your own & such observations as you make thereon.

You may Charge Vizagapatam 80 Pag<sup>a</sup>. which we have allowed as freight for the 80 Bales you sent thither on the Maddapollam Yatch.

We do not think fitt to Contradict the Orders you had formerly to send y<sup>r</sup>. Gen<sup>l</sup>. WORSHIP<sup>ll</sup>. SIR & SIRS

This Morning we rec<sup>d</sup>. yours of the 3<sup>d</sup>. with the several accounts Inclosed together with your General Bookes. Let it be a standing Rule with you always in future to send up together with your Books a Report of your annual Charges and Revenues explaining the Reason for any Encrease or decrease in the same, and the like method must be observed when you send up your Monthly Acco<sup>ts</sup>. when they Come up hither our accountant Constantly reports wherein your Expences have decreased or increased but for the last we do not always know what occasion or necessity there was for it, For Example in the Month of September we find Pagodas 183. 34. 38 expended on the out Guards In the Paymasters acco<sup>t</sup>. we only find an account of the Materials used & the Workmanship but it does not explain what the Work was & your Letters have been silent about it except it be part of the Work you were permitted to sett ab<sup>t</sup>. two Years ago But one thing we find fault with w<sup>ch</sup>. is placing the several sums disbursed to the Particular heads of the Builds. w<sup>ch</sup>. only adds to their first Cost and being only for repairs ought to be Charg'd to Repairs of Fortifications. We observe by your General Book's that your Revenues are [decreased to] Pag<sup>s</sup>. 1577. 30. 16 we should know from whence it proceeds that we [will] be able to give the Comp<sup>y</sup>. our reasons for it, in our next Letters, for the future you must send us up Copys of y<sup>r</sup>. Sea & Land Customers Book's.

We are sorry to observe by your Last you have no more Bales on hand and y<sup>r</sup>. Merchants should be threatned with the Penalty in their Contracts if they do not comply with them a little [sooner] than they seem likely to do at present. We know the situation of the Country about you must subject them to a great many difficulties but they ought for shame to exert themselves and behave better than they do. Our ships will now very soon be with us and we depended so much upon the Quantity you gave us hopes of that if they fall much short of it, one of the ships

will very likely go home for so far dead freighted or we must detain her to be a late ship since you know the Consequence of a disappointment we will not doubt your Endeavours to Prevent it.
